Providing supports and services to people with developmental disabilities in the communities of the Northern Black Hills of South Dakota since 1976

Northern Hills Training Center

- Community-Based
- Private Non-Profit Corporation
- Nationally Accredited by the Council on Quality and Leadership
- South Dakota Accredited School
- State Certified Training Center
- Committed to the Principles of
- Personal Outcome Measures

Each Person is an individual...

Each person has individual personalities and interests. NHTC is nationally recognized in supporting each person to achieve the outcomes they desire. Through Service Coordination and the Interdisciplinary Team process, each person is assisted in developing a plan that best supports a person's hopes and dreams.

...earning a living...

NHTC provides the support each person needs to find and keep a job. In-house production in sheltered work provides an opportunity to learn work skills. Supported work crews at various businesses in the community can support people to learn the teamwork process. Competitive employment in a variety of careers can support a person to be a productive member of the community.

...living in the community...

People live in their own homes. NHTC provides the support needed to find a home and to make the most of living in the community. Support with money management, transportation, and attaining rental assistance is provided when needed.

...and enjoying life!

Spearfish and the Northern Black Hills provide a wide variety of recreation and leisure opportunities. NHTC can assist a person in identifying their interests and can support a person to participate in activities—swimming, bowling, fishing, hobbies, concerts, movies, sports, and special events—encouraging people to make the most of their leisure time.
